

Caring for our Common Home

Some current Projects operating in the spirit of the encyclical of Pope Francis – “Laudato Si’ - Care for our Common Home”, in response to the Good Shepherd Asia Pacific’ Integral Ecology and as a response to the call for "sustainable global society":

- ❖ Since 2019, the distressed women in our shelters have transformed the surroundings with organic vegetables and plants using composting of kitchen food waste and recycling plastics. This has been an effective therapy for them and a source of organic vegetables, fruits and other ornamental plants.

Cora harvesting string beans

- ❖ A group of Filipina Volunteers called "Pinay Plantitas" started their mission in June 2021 by caring for the garden in the empty spaces at Good Shepherd Convent. This serves as a meaningful mission for them during this pandemic.
